

# 2% APR Energy Loans for Los Angeles County

For a limited time, Energy Upgrade California in Los Angeles County is offering property owners a 2% interest rate on eligible residential energy efficiency and solar projects! These loans are offered through Matadors Community Credit Union with support from Los Angeles County. Before contacting the lender, be sure to talk with a Participating Contractor to make sure that you qualify for utility incentives.

## Financing Terms

- **Types of Projects:** Energy efficiency and solar
- **Interest Rates:** 2.0% fixed APR
- **Payment Duration:** 5 years
- **Financing Amounts:** \$2,500 - \$20,000
- **Type of Loan:** Unsecured\*
- **Other:** No prepayment penalties or closing costs. Loan value may equal full amount of qualifying scope of work (not including rebates and incentives). Loans of up to \$50,000 are available at other attractive terms.

## Program Details

**Residential, single family detached properties only.**

**Energy efficiency projects must be enrolled in the Southern California Edison (SCE) and/or Southern California Gas (SoCalGas) Energy Upgrade California incentive program.**

**Solar projects must be installed concurrently or after the installation of energy efficiency measures and must be enrolled in the California Solar Initiative (CSI).**

2.0% interest rate is offered while funds are available. Other types of loans may be available.
